

OXYGENEO FACIAL TREATMENT

(cleaning, oxypod, serum, massage, mask, cream)

50 min.

€ 115,-

During use, the Oxypods generate thousands of fine CO2 bubbles directly on the skin, which stimulate the oxygen supply. This promotes blood circulation, activates the growth of new cells and anaerobic cells can be reactivated by CO2. In combination with a supplementary serum, optimal results can be achieved individually for every skin type.

TRIPOLLAR RF FACIAL TREATMENT

(cleaning, RF with gel, serum, massage, mask, cream)

60 min.

€ 115,-

The RF uses electromagnetic fields to generate heat in the skin, which stimulates collagen elasts and hyaluronic acid production with the aim of making the skin look firmer, fuller and younger. In addition, the application reduces fine lines and wrinkles, firms and rejuvenates the skin and restores the contours of the face.

OXYGENEO + TRIPOLLAR RF INTENSIVE TREATMENT
